Have Fun & Raise Funds

We offer several options to meet your needs.

Option 1:

Choose the activity, date, and time, and we'll create a custom booking link just for your group. Your supporters book directly through our site. Everyone attends together at your scheduled time(s) for the same experience—or you can offer different experiences on different days. Funds raised are based on the total number of bookings.

Option 2:

Share a special coupon code with your supporters. They can book any experience they like directly with us and use the code at checkout. The code is valid for a limited time, and you earn funds based on how many times it's used.

Option 3:

Sell fluid art canvas tickets (adult and child options) that buyers can use at their convenience. Offer them in person at events or online through a custom link we provide. Funds are calculated based on the number of tickets sold.

Whichever option you choose, we can provide graphics and basic flyers for you to help promote the fundraiser.
